All participants should wear their clothing outfits for the interview judging on August 16, complete with accessories and props if they plan to use them in the dress review. All clothing exhibits should be hung on standard, undecorated wire hangers. Ribbons will be awarded for both style and construction. Style revue contestants will receive rosette ribbons for style. There will be special awards given for each outstanding project. They will receive a green and a white rosette ribbon and \$10.00 cash prize. The overall winners in construction will receive a purple rosette ribbon and a \$40 cash prize. The special awards will be presented at the style review.

Crochet, Quilting and Handwork from Our Heritage Projects will be judged with clothing projects on Monday, August 16. Labels should be pinned to the items. More than one item should be attached together and enclosed in a clear bag.

Monday, August 16 at 6:00 p.m.
Veteran's Building

Bring your typed style revue description form with fabric sample. The stage will be available for modeling practice during interview hours on August 16th.

The style revue is a great opportunity to show off the great project you have made and to earn great prizes. If you have completed or are finishing a 4-H clothing project, be sure to sign up for the annual Madison County 4-H Style Revue that will be held in the Veteran's Building. Please try to be there at 5:30 p.m. We will use the facilities in the Veteran's Building. Everyone enrolled in a clothing project, including the sewing camps, is encouraged to model. Handwork projects entering a non-clothing item can carry their project and participate in the style revue.

LIVESTOCK

1. The Madison County Jr. Livestock Committee has passed a change to the re-sale protocol at the Madison Jr. Livestock Sale. A summary of the changes are as follows: For full details of the minutes, please contact the Extension office.
 - Floor Sale buyers will **NOT** be able to choose specific animals to purchase. All animals and buyers will be drawn from a hat. This includes **ALL** species of animals. If a buyer wants to be guaranteed a specific animal, it should be purchased through the auction.
 - Buyers will be limited to one animal of one specie per household until all buyers have had the opportunity to purchase an animal. At that point if there are animals left over, buyers can draw for an additional animal(s).
 - There will be no preference to buyers on the resale floor. Everyone that would like to purchase an animal will be drawn, regardless of whether they are a parent, committee member or auction buyer. Immediate family members no longer have 1st choice of their own animal.
2. Minimum final weight for beef projects has been increased to 1100 lbs.
3. There will be check-out protocol that will be set for each livestock species. **ALL** livestock participants will be expected to help with checking out and cleaning up per the protocol set in place by the Fair Grounds and the Livestock Committee.
